CALUMETTE

Five Pawns premium vapor liquid pairs the absolute finest quality ingredients and craftsmanship with a distinct taste and feel to create and evoke a memorable vaping experience.

Rodney Jerabek
Founder/CEO
Executive Mixologist

In 2012, I transformed my personal pursuit to create a vapor liquid of extraordinary quality for my friends and myself into a company that can now be found in over 1,500 retail locations across 45 countries. I was inspired by my passion for fine food, wine, and spirits, and saw an opportunity to create vapor liquids with more complexity and flavor layers, using only the finest ingredients. And while I fine-tuned my blends, I simultaneously developed the chess-based imagery and brand identity that underscores Five Pawns' ability to arouse each of the five tastes.

When Five Pawns hit the market, we quickly changed the playing field with our line of "top shelf" premium vapor liquids, retail presentation, and connection with the vapor community. That is not only because of the brand and the distinct liquid flavors, but also because everyone at Five Pawns brings that same passion for the brand with them to work each day. It is an emotion that resonates from our love of our retailers and the vaping community at large. It is our goal to ensure that our Five Pawns' customers have an unforgettable experience — and that experience starts with you, our family, our retailer.

So please join us as an authorized retail partner and experience the Five Pawns difference.

“Great presentation, fantastic vision, impeccable quality,

Great customer service, with a sense of humor and fun are how I would describe Five Pawns. It is also how I try to run my shop, and, oh yeah, they make some of the most interesting, complex, delicious eliquid on the planet.

With Five Pawns, Vapeology is looking forward to what the future of vaping holds.”

Randy Toffel
Owner, Vapeology, LLC

"Dedication, creativity, innovation, and an uncanny commitment to producing the highest quality liquid.

Rodney and Jay have been with us since the beginning and played a key role in shaping our shop into what it is today.

From suggesting new products, to sponsoring events, to supporting with customer reach and retention, we couldn't be happier with what Five Pawns has done for us. We are forever grateful and honored to be part of the Five Pawns family.”

Garrett Funkhouser
Good Clean Vapes, Delray Beach, FL

Each glass bottle carries a number, date and the signature of Five Pawns Founder and Executive Mixologist, Rodney, a mark that signifies the care with which each batch is handcrafted.

The Five Pawns Experience

One look at the Five Pawns bottle resting at the head of the custom chessboard display in a local vape shop and you can see that Five Pawns has been instrumental in advancing the vapor liquid game. Five Pawns stands out immediately with its sophisticated presentation and secondary packaging that both displays and protects its valuable contents.

Five Pawns was created for the vapor enthusiast with a sophisticated perspective. It is this premium experience that draws in both new and more evolved vapors to all of our authorized retail partners.

CALUMETTE

Our History - Our Mission

The strength of Five Pawns is rooted in our people and our insatiable need to serve our customers with both unique and innovative products. We believe that by empowering our team members, retail partners, and customers, we have created an organization, product, vision, and lifestyle that will stand the test of time and continually inspire those who enjoy the Five Pawns experience. We promise to always innovate while holding true to our core values of People, Products, and Service.

production facility.*

Quality Production

Five Pawns is an ultra-premium vapor liquid brand, offering the highest level of purity, consistency, and flavor complexity on the market. We invest months in the research, development, and taste-testing of each premium vapor liquid variety to ensure the flavors offered are perfect each and every time.

All of our premium vapor liquid is handcrafted in small batches in California from the finest quality ingredients. We source domestically and locally in California and use only ingredients deemed as food-grade by the USP and is labeled GRAS-approved by the FDA in addition to 99.9 percent pure, certified pharmaceutical-grade nicotine. All of our liquids are a 50/50 PG/VG blend.

We've worked for years to bring forth a state-of-the-art manufacturing facility that ensures consistency and traceability of our product. This includes making all of our liquid in an ISO 8 particulate-free production facility pictured above.

Our Ingredients

Upon inhale, the Five Pawns experience is fully unleashed. Using up to 11 different ingredients and a proprietary blending and aging process to create complex, multi-layered flavors, Five Pawns has elevated vapor liquid enjoyment to a connoisseur's art. Five Pawns Signature Vapor Liquid is crafted for a long, smooth indulgence giving you time to explore the alternating hits of intense and subtle flavors. As the vapor is drawn in, savored, and exhaled, continuous hints of exotic fruits, nuts, herbs, roots, grains, and spices — blended with elements of classic liqueurs and vintage extracts — arouse the palate and offer an emotional response on par with that of a favorite cuisine, wine or cocktail.

Insignia Series

We've consolidated five of our most popular flavors into one star-studded offering called The Insignia Series. These are the five flavors that Five Pawns is most known for and this consolidation is in preparation for some exciting new products that are on the horizon. Staying true to our roots and the five traditional tastes known to man; sweet, sour, bitter, salty, and umami (savory), these tastes continue to drive this "best of" collection.

Castle Long

Our non-barrel aged version is a combination of the dark, refined spirit of Kentucky Bourbon, accented with toasted coconut, roasted almond, Madagascar vanilla bean, and laced with a caramelized brown sugar.

Grandmaster

This well-balanced taste of smooth, creamy, rich peanut butter and banana cream is drizzled with velvety caramel, creating a multi-layered and savory symmetry.

Gambit

The classic, mellow apple pie makes a sweet and savory impression with flaky crust and decadent caramel, lightened by a dollop of French vanilla ice cream and unsweetened whipped cream.

Queenside

Delicate blood orange intensifies this citrus-based flavor. Harmoniously blended with creamy French vanilla for a gentle and exquisite balance that will carry from one flavor to the next.

Bowden's Mate

Inspired by the after-dinner mint, this flavorful chocolate is sharpened by crisp mint, ending with a touch of French vanilla. Seductive yet soft, with a refreshing effervescent note.

CALUMETTE

Symmetry Six

Sugared rhubarb and strawberries come together to be the shining stars in this complex and well balanced blend. Combining an oat grain and graham crumble with vanilla cream, this fruity yet savory blend is sure to satisfy both fruit and dessert lovers alike.

Reserve Liquids

Castle Long Reserve

Five Pawns rewrote the vapor liquid playbook with its 2013 release of Castle Long Reserve, the first barrel-aged vapor liquid. Acclaimed far and wide as without equal, Castle Long Reserve became the most-coveted vapor liquid in the world. Its first release sold out worldwide within a week, and demand skyrocketed with each subsequent release.

You'll taste toasted coconut, roasted almond, brown sugar, two different vanillas (Madagascar vanilla bean and French vanilla), Kentucky bourbon, and charred oak. The liquid extracted from the barrels has been filtered using a proprietary filtration process before bottling. Castle Long Reserve is a limited release that is only available a few times per year.

Black Flag Fallen

Black Flag Fallen is aged in polished stainless steel barrels so there is zero light. The liquid is left untouched so that individual flavor components can fully develop and harmonize for an even smoother and more consistent result. It is the first vapor liquid ever to be blended so that it hits all five tastes known to man: sweet, sour, salty, bitter, and umami.

Vapor enthusiasts worldwide continue to enjoy the fruits of Five Pawns' innovation with Black Flag Fallen. Featuring a decadent Italian double-espresso flavor infused with black truffle cream, this bold, yet multi-layered liquid is more reminiscent of an espresso-based dessert than your traditional tiny cup of Italian coffee. The finest quality espresso beans allow for a multitude of subtle flavor notes.

CALUMETTE

Castle Long Reserve

DOUBLE  BARREL

Oak Aging Process:

60% Aged in second-fill 55 gallon American oak barrels.

40% Aged with reclaimed Oloroso sherry oak barrel chips.

You'll taste toasted coconut, roasted almond, brown sugar, two different vanillas (Madagascar vanilla bean and French vanilla), Kentucky bourbon, and oak. The result is a truly unique blend of Castle Long Reserve.

Black Flag Risen

Original

Five Pawns has perfected the uniquely original flavor profile known as Black Flag Fallen by listening to our customers and reacting to their wants and needs. Black Flag Risen has been cultured to eliminate the second hand vapor aroma in Black Flag Fallen's debut. This lighter and creamier version of the original is sure to be more of an all day offering with the revisions made to this latest rendition.

Notes: Decaffeinated cappuccino infused with a light truffle cream, accentuated with mocha dusted black walnut.

Enriched

Inspired by an eccentric drink called "Cigarettes & Coffee" at a local watering hole, Five Pawns has gone where we have never gone before. We've introduced just a hint of flue cured sweet Virginia tobacco leaf to Black Flag Risen in order to mimic two flavors that go together like no other.

Notes: Decaffeinated cappuccino infused with a light truffle cream, accentuated with mocha dusted black walnut and just a hint of flue cured sweet Virginia tobacco leaf.
